EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Cynthia Faatz (Reg. No. 39,973) on 11/3/2005.

The application has been amended as follows:

Amend the claims as follows:

Claim 1,

Line 7, remove the phrase "interacting between" and the word "and".

After the word "handler", insert -- selectively interacting between --.

Claim 11,

Line 8, remove the phrase "interact between" and the word "and".

After the word "to", insert -- cause --.

After the word "handler", insert -- to selectively interact between --.

Claim 21,

Line 10, remove the phrase "interact between" and the word "and".

After the word "handler", insert -- to selectively interact between --.

The following is an examiner's statement of reasons for allowance:

The rejection for claim 11 under 35 U.S.C. 101 has been withdrawn. Applicant's disclosure defining the program code segments transmitted by a computer data signal embodied in a carrier wave, or signal modulated by a carrier wave is considered statutory subject matter under the current policy.

Amending claims 1, 11, and 21 to include selective interaction between the SMI handler and one of a performance state control applet and a thermal driver implies presence for both the state control applet and the thermal driver. This renders claims 4-8, 14-18, and 24-28 definite and overcomes the rejection for these claims under 35 U.S.C. 112.

In addition, the presence for both limitations (i.e. the state control applet and the thermal driver) in claims 1, 11, and 21 distinguishes these claims over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stefan Stoyanov whose telephone number is (571) 272-4236. The examiner can normally be reached on 8:00AM-4:30PM.
